

ENERGY STAR Incentive for Manufactured Home Buyers

What is the ENERGY STAR Income Tax Credit?

In 2019, the State of South Carolina passed a law that states any person who purchases a manufactured home designated by the U.S. EPA and the U.S. Department of Energy as meeting or exceeding energy saving efficiency requirements under the ENERGY STAR program from a retail dealership licensed by the South Carolina Manufactured Housing Board is eligible for a nonrefundable income tax credit equal to \$750.

My home is ENERGY STAR qualified. What do I need to do to claim the tax credit?
